for people with learning disabilities by people with learning disabilities

Dudley Voices for Choice held their Annual General Meeting on Thursday 12th October 2017.

The first ever Speaking Up Awards took place. This award is in memory of Delroy Levy who sadly died last year. We heard lots of inspiring real life stories about how people speak up for people with learning disabilities and autism.

The **winner** of the Speaking Up Award 2017 was Kayleigh Williams. She was nominated for being passionate and dedicated in everything she does. She is a great role model for other people who work with her.

Health Checks

If you have a learning disability and are aged 14 and over you can have a free health check at your doctors.

You can have one every year.

Health checks are a good idea because the doctor or nurse can see how well you are.

Have you had your health check this year?
