

Dudley's Council Tax 2017/18

The element of your Council Tax that funds Dudley Council's services will increase by 3.99% from 1st April 2017. The Council's budget includes funding to cover spending pressures of £6.2 million, and efficiency and other savings of £19.4 million.

The savings will as far as possible be made through service modernisation, improved efficiency and by reducing management and administration costs, support and overheads. Every effort will be made to reduce the impact on services and jobs.

Precept to fund Adult Social Care

The Secretary of State for Communities and Local Government has made an offer to adult social care authorities. ("Adult social care authorities" are local authorities which have functions under Part 1 of the Care Act 2014, namely county councils in England, district councils for an area in England for which there is no county council, London borough councils, the Common Council of the City of London and the Council of the Isles of Scilly.)

The offer is the option of an adult social care authority being able to charge an additional "precept" on its council tax for financial years from the financial year beginning in 2016 without holding a referendum, to assist the authority in meeting expenditure on adult social care. Subject to the annual approval of the House of Commons, the Secretary of State intends to offer the option of charging this "precept" at an appropriate level in each financial year up to and including the financial year 2019-20.

To this is then added a total of £15.6 million for Police and Fire requirements, producing taxes of £116.55 and £57.14 respectively, to give a total 'band D' Council Tax of £1390.61

Why the Council's spending has changed

Estimated gross spending for 2017/18 on Dudley's services amounts to £645.9 million as shown in the table overleaf. This is a reduction of £13.6 million compared with the 2016/17 estimate.

The reasons for the change are:

	£m
• Pay costs	2.8
• Spending pressures	6.2
• Efficiency and other savings	-19.4
• Changes in expenditure funded directly by income, etc.	-4.2
• Other net cost increases	1.0
Total change	-13.6

Levies issued by the Environment Agency

These relate to construction of new flood defences, the maintenance of the river system and existing flood defences, management of the risk of coastal erosion and the operation of a flood warning system.

The majority of funding comes directly from Central Government. Schemes which do not attract full funding are financed by a levy on councils.

Details of planned expenditure in the Severn and Trent Regions as a whole are:

2016/17		2017/18
£m		£m
59.242	Gross Expenditure	59.097
3.059	Levies raised from Councils	3.120

Dudley's share of the 2017/18 levies is £0.105 million. The change in gross budgeted expenditure between years reflects the programme of works for both capital and revenue needed by the Regional Flood and Coastal Committees.
